Election/Restrictions

1. Claims 11-12 and 18 are rejoined because generic claims 1 and 3 are allowed.

EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

3. Authorization for this examiner's amendment was given in a telephone interview with Laurence Greenberg on 6/24/04.

4. The application has been amended as follows:

In The Claims:

In claim 3, in the line beginning "forming openings", insert - - second passivation layer and the - - between "the" and "at".

5. Claims 1, 3-5, 11-15, 17-21, and 23 are allowed.

6. The following is an examiner's statement of reasons for allowance:

The prior art of record fails to suggest the claimed semiconductor device in chip format and method for producing a semiconductor device in chip format, particularly having the claimed arrangement of the first passivation layer, interconnect, second passivation layer, and insulating layer in combination with the other claimed features.

Art Unit: 1733

Akagawa et al (EP 0734059) teaches having from bottom to top a passivation layer, a first insulation layer, an interconnect, and then a second insulation layer. There is no suggestion of having the claimed arrangement from bottom to top of a first passivation layer, an interconnect, a second passivation layer, and an insulating layer.

7. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
